

The AdLite

Solar Real Estate Lighting

SunPal-2x

Innovative Solar Technologies™

Features:

- Compact, sleek design is about the size of a man's wallet
- 2 Flux LEDs for complete, even illumination of your sign, rider, or other
- ON/OFF Button, and Automatic operation
- Swivel lighting track allows you to put the light right where you want it
- Perfect for brochure boxes, name riders, lock boxes, small open house signs, and more
- Mounts in under a minute with double sided tape or standard wood screws

The AdLite is designed to be one of the most versatile and compact solar lights available on the market, and is specifically designed to meet a number of needs for real estate agents in today's economic crunch where a lower cost and higher return on investment are needed to justify the marketing tools that you decide to use. Because of the low cost and versatility of the AdLite make it very easy for this unique light to completely pay for itself in no time at all.

The best part of the AdLite is its versatility - this little light can be used for an number of applications including, real estate sign name riders, brochure boxes, lock boxes, street addresses, small real estate signs, open house signs, porch, step and walkway lighting, info tubes, deck, rail, and fence lighting, and much, much more. Look at the equation below to see just how the SunPal Series works with you to generate more sales, more commissions and more residuals from the first day you start using it.

SunPal = Increased Exposure = Increased Leads = Increased Sales = Increased Commissions = Increased Listings

That is a fairly simple equation to follow - as you use the SunPal Series, your listings gain additional exposure. As your listings gain exposure, you get more sales leads. As you get more sales leads, you get more, and quicker sales. As you get more sales, you get more commissions and more listings. The SunPal represents the very best win-win marketing situation you could hope for when investing a small amount of money, and almost no time.

The 7 Values: Security - Convenience - Peace of Mind - Economy - Save Time - Reliability - Save Money
